BEGAN HIS CAREER AS A STREET CAR DRIVER

Was Successful in Business, a Fast Friend of Henry
George and Was the Father of the Three Cent
Railway Fare—Four Times Mayor
of Cleveland.

Cleveland, April 11.—At the earnest request of his family there will be no public funeral for the late Tom L. Johnson. His body will not lie in state as first planned, but will be taken to his apartments at the Knickerbocker, and from there to a train for his removal to Brooklyn tomorrow. The only opportunity the local public will have to pay their last respects will be while the body is being taken from the Knickerbocker to the train.

Cleveland, April 11.—Tom L. Johnson, twice congressman from the Twenty-first Ohio district, four times mayor of Cleveland, champion of 3-cent railway fare and prominent advocate of the single tax theory of the late Henry George, died in his apartments at 8:45 last night after a long illness. Death was caused by cirrhosis of the liver. He was 57 years old.

Mr. Johnson had been ill for more than a year, but his condition was not serious until he suffered a relapse on Wednesday, March 15. He had been gaining strength ever since he came home after spending the summer on Nantucket Island. Saturday night, March 11, he left his apartments and attended a banquet of the Nisi Prius Club, an organization of Cleveland lawyers. He remained there until 2 a. m. Sunday, and when he returned to his home he complained of not feeling well.

The following Wednesday his condition was such that he was obliged to go to bed. From that day to the time of his death his condition was grave, though several times he made seemingly impossible rallies, and despite the fact that he did not have long to live, the former mayor was cheerful and optimistic almost to the last.

Tom L. Johnson was referred to himself in a public address as "a stormy petrel," and this metaphor aptly described him and indicated the course of his career. From the time he entered the offices of a Louisville street railway company as a boy of 15, until his defeat for a fifth term as mayor of Cleveland, Nov. 2, 1909, he was ever in the center of some storm, political or financial. And, he often said, it was thus that he enjoyed himself best.

With the whole city mourning the death of former Mayor Tom L. Johnson, arrangements are being perfected for a tribute by the entire city.

Knox County
Demands Guarantee.
(By Staff Correspondent.)
Mt. Vernon, April 11.—The first hitch in the proceedings of the Bolton trial and one of great interest to the many witnesses occurred this morning when Auditor Irvin Young of Knox county announced that he would issue no warrants for witness fees, jury fees, or any other costs in the case until he had been given a guarantee from the Licking county commissioners that any money paid out of the Knox county treasury would be reimbursed by Licking county. He had an opinion from Attorney General Hogan's office that he should thus proceed. Prosecutor Smythe announced that he had received an opinion this morning from the attorney general that Young should go ahead and pay them, but he would not do so until he had such an opinion in writing.

JUDGE E. M. WICKHAM.

The matter was finally settled by Mr. Smythe telephoning Auditor Riley, who secured the desired guarantee from the Licking county commissioners.

came in Monday afternoon and will be at the state's counsel table, as heretofore. Besides these attorneys, Tate Cromley, prosecuting attorney of Knox county, will assist especially in choosing the jury from the venire of 36 names served by Sheriff P. J. Parker. Cromley is known in Newark and Granville very well, having appeared in both places while in college athletics at Kenyon, and later as pitcher on the Mt. Vernon baseball team. He is a lawyer of recognized ability and prestige at the bar here. Seth L. McMillen is also assisting the state's attorneys.

Of the 36 men summoned for jury duty, all but one reported to Clerk Charles L. Bermont this morning, the absentee being E. L. Wolfe of Bladenburg, who presented a physician's certificate that he was unable to be present, owing to a severe inflammation of the foot.

The prisoner is being represented by J. R. Fitzgibbon and Frank Bolton, Newark attorneys; Frank V. Owen, Robert L. Carr, Judge J. B. Wright and Frank Moore, four of the leading attorneys in Mt. Vernon. Judge Wright is well remembered by Newark lawyers and litigants having served one term as common pleas judge. Mr. Owen has been in Newark a number of times, notably in the Lingafelter cases, in which he was coadjutor with Smythe & Smythe for the defense. Robert Carr

Mt. Vernon, April 11.—The Lewis Bolton murder case was called in the Knox county court house Tuesday morning. The case comes here from Licking county on a change of venue granted by Judge E. M. Wickham on application by the defendant, who alleged that prejudice existed in Licking county.

Of course the people in Mt. Vernon would not have the interest in the case's opening that would have obtained in Newark, and they realized that the probability was that some time would be spent in securing a jury, which tedious process is never enjoyed.

Judge Wickham came to Mt. Vernon at 8:30 Tuesday morning on the C. A. & C. from his home in Delaware.

The Board of Trade is planning extensive improvements in the park, the extent of the work depending upon the size of the fund that is subscribed. More fountains and shrubs, better walks and preservation of the elms, more electric lighting—these are the things that are needed, and as much will be done as is possible with the money secured. The court house park is Newark's "front yard" and should be put and kept in good order.

CONSTITUTIONAL CONVENTION DELEGATES MAY BE ELECTED TO SETTLE LIQUOR AGITATION

Columbus, O., April 11.—When the Green bill, providing for the election of delegates to the coming constitutional convention is taken up today by the Ohio senate, an important amendment will be offered by the progressives of that body. They also will fight to retain the non-partisan election feature, which provides that the candidates shall be nominated by petition only and that they shall be elected upon a nonpartisan ballot containing no party emblem or designation.

The amendment relates to the liquor question. To keep this from jeopardizing the main constitution a leaf will be taken from the Oregon plan of electing United States senators by providing for separate statements on the part of the candidates. Back of this is the desire to submit whatever action is taken toward the liquor traffic upon a supplementary ballot.

The amendment provides that each candidate will have the option of choosing one of two statements to be printed in connection with his name. The first pledges the candidate to the submission of all matters pertaining to the liquor traffic upon this supplementary ticket, and the other recites that the candidate will not bind himself upon that question. The privilege is entirely optional for the excellent reason that it would be unconstitutional to attempt to require the delegates to choose in advance between any statements.

Senator William Green of Co-shooton, the author of the bill, favors the amendment and clings tenaciously to making the election a bipartisan one. Both sides are preparing for a hard fight upon the amendment and the bipartisan clause of the bill. There will be no fight on the bill as a whole, as the general assembly is practically forced to enact some kind of legislation in response to the popular demand at the polls last November for a convention.

TO PROBE ATTORNEY GEN'L WICKERSHAM

Washington, April 11.—Representative Rainey of Illinois today introduced a resolution in the House which calls for an investigation of the Attorney General of the United States personally. The resolution calls for a committee of nine members, 6 Democrats and 3 Republicans, to be elected to investigate whether George W. Wickersham has any present connection which would disqualify him for service as Attorney General of the United States.

REPUBLICAN MEMBERS OF CONG. COMMITTEES

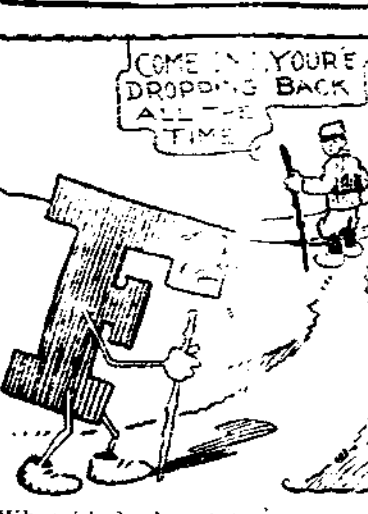

Washington, April 11.—For the first time in its history the House today elected its committees. They were approved after a long debate and will stand as submitted by the party floor leaders. Heretofore it has always been the prerogative of the speaker to appoint the committees. Representative Cannon defended the old method during the debate.

Washington, April 11.—A Republican harmony scheme which caused widespread comment when Representative Mann announced the Republican committee appointments in the House today. The progressives were not completely out of the big committees last session, but Madison of Kansas and Lenroot of Wisconsin are on the new committee on rules. The other two Republicans are Dabzell of Pennsylvania and Wilson of Illinois. The insurgents are on every important committee except the ways and means committee, which will wrestle with the tariff. The Republicans on it are all regulars who served last session. Longworth of Ohio is one. Uncle Joe Cannon is ranking minority member of the appropriations committee and gets no other appointment. Berger, the socialist, gets a place on the District of Columbia committee, and Caleb Powers is placed on naturalization and immigration, upon which no other Kentuckians have places.

PAY DAY NOT SUITABLE.

ARBOR DAY IN NEWARK

Four thousand Newark boys and girls assembled in the court house park on Arbor Day and after appropriate exercises under the direction of Supt. L. D. Simkins were conducted on the south side steps, a dozen large elms were planted. On the same day 300 trees were planted in Newark under the direction of the Board of Trade. The accompanying picture from a photograph by Smith shows the crowd on the south side of the court house. Many of the school children were at the same time on the other three sides of the buildings. The capers of the children in the court house yard on Arbor Day were enjoyed by a large number of spectators and convinced many that one of the city's needs is a suitable playground for the boys and girls.

One of the largest crowds that have gone from this city to Columbus in many months is expected to go on Easter Monday, April 17, when the famous Sheffield choir of England appears at Memorial hall for one concert. This famous musical organization comprising over 200 members is picked from the very best singers in England and they are making a world tour stopping only in three Ohio

In the organization are several ladies and gentlemen of nobility and Dr. Henry Coward, the world's greatest choir leader will have personal charge of the program in Columbus, and a fine program including the singing of The Messiah has been selected for the Capital City. When the Choir arrives in Columbus they will be lavishly entertained, and after making a trip around the city in automobiles, they will call and pay their respects to Governor Harmon, who will attend the concert with his wife.

IN SOCIAL CIRCLES

The Tuesday Afternoon Euchre club is being most delightfully entertained this afternoon by Mrs. George Blood at her home in Hudson avenue.

The Wednesday Bridge club will be entertained on the club day of next week by Mrs. Eliza Jackson at her home in East Locust street.

Mrs. Lawrence Turner will be hostess to the members of the Sesame Club on Wednesday afternoon at her home in Park avenue.

The Thursday Afternoon Bridge club will be entertained this week at the home of Mrs. Walter Upson in Hudson avenue.

The Philoxenia club was entertained on Saturday afternoon by Miss Helen Banton at her home in Buckingham street. Sewing furnished the amusement for the afternoon and at the close refreshments were served. Miss Helen Holtman of Denison university was an out of town guest. The next meeting will be held on Friday evening, April 21st with Miss Eula Hansberger.

The Unity Reading Circle held a most delightful meeting on Monday afternoon at the home of Mrs. Howard Barrick in Granville street. The following program was given:

Roll Call—Suggestions for some particular improvement for Newark.
Macbeth, Act IV—Leader, Mrs. Coulter, assisted by Mrs. Burch, Mrs. Fant, Mrs. Gabkes, Mrs. Mitchell, Miss Burch, Miss Murphy.

Topic of the Day—Mrs. Fant.
Bible—Miss Lisey.
Sixteen members and the following guests were present: Mrs. Russell, Mrs.

Charles Foster, Mr. Carrie Paramore, Mr. Hunt, Mrs. C. L. H. Long, Mrs. Heas, Mrs. Edward Edwards, Mrs. Edward Horner, Mrs. Bert Hoover, Mrs. Charles Wagner, Mrs. Dennis Bell, and Miss Arla Alsbaugh. The latter rendered several very pretty piano solos and at 2 o'clock a luncheon of several courses was served. The next meeting will be at the home of Miss Blanche Murphy, April 25.

Mr. Lee Earlywine entertained the G. U. G. club Tuesday evening at his home one mile north of Bladensburg, O. The guests were: Misses Flo Taylor, Mabel Harris, Ethel Harris, Bessie Porter, Bessie Farquhar, Ina Wigman, Maud Horn, Nellie Martin and Iva Melick, Mr. Grove Utery, Messrs. Grover Utery, Vin Horn, Grover Hoas, Ellis Beckley, Clay Porterfield, Walter Hess, Ray Ashcraft, Clarence Harris, Will Hall, Harry Cummings and Lee Earlywine. The evening was spent in games and music, and a prettily appointed three-course supper was served.

A very charming affair was the surprise given Mr. and Mrs. J. W. Preston and family April seventh. This date being the anniversary of Mr. Preston's birth quite a number of his friends collected at his home in Chatham to help him celebrate. As a memento of the occasion he was presented with a handsome rocking chair. The evening was pleasantly spent in games and music. A dainty luncheon was served the family and the following guests: Messrs. and Mesdames L. T. Inshlo, Bert Shufelt, Freeman Anderson, William Hoskinson, Wm. Kirkpatrick, Carl Green, J. P. Preston,

Swick, S. W. Hollar, Misses Mary Green, Mary Inascho, Goldie Preston, Nellie Swick, Messrs. Jacob Blime, J. W. Dunlap, Messrs. Wayne Hollar, Perry Preston, Lonnie Heidler, and Fred Swick.

Mrs. C. V. Foster will entertain the members of the Coterie club Friday afternoon at her home in the Sharon Valley road.

Newark is a city beautifully situated for riding and why is it the more people do not enjoy the pleasure of horseback riding, especially the women of the city? Nothing gives more pleasure than to be comfortably mounted on a pretty horse and scour the highways and byways of the surrounding country. Clubs have been formed by many society women of the adjoining cities. Columbus, Zanesville and Mt. Vernon have their riding clubs and why is it that the Newark women do not band together and take advantage of this most pleasant and beneficial exercise?

NETHERS—CRAWMER.
Brady M. Nethers, a well known young farmer of Perry township, and Miss Minnie Crawmer, were married Saturday afternoon. The ceremony was performed by Squire W. F. Holton at his office, in the presence of several of the friends of the contracting parties.

ELDER—FARQUHAR.
At four o'clock Monday afternoon, Rev. L. C. Sparks joined in wedlock Mr. Floyd D. Elder, a young railroad man of this city, and Miss Elsie M. Farquhar, daughter of Mr. and Mrs. Samuel Farquhar of the East End. The young people have many friends who will be glad to extend congratulations. They will reside in Newark.

Mrs. Scales, from Granville, has moved to this place and opened a dressmaking establishment at No. 11 Western avenue. As she comes highly recommended, we hope she will be liberally patronized. 11dix

MANAGER SHEA WILL BE MARRIED EASTER MONDAY

Announcement Made by Parents of the Bride, at Syracuse, New York.

Announcement is made by Mr. and Mrs. William Porter of Syracuse, N. Y., of the approaching marriage of their daughter, Miss Anita Porter, to Mr. Michael Shea of this city. The wedding will be solemnized on Easter Monday at 11 o'clock, in the cathedral there, Bishop Grimes of the Syracuse diocese, reading the wedding service.

Mr. Shea is general manager of the Central States Associated Theatres and is the resident manager of the Auditorium theatre here. Mr. Shea came to the city last November and during his stay here he has won a large circle of friends by his courtesy and ability. Miss Porter visited here for a few days during the holidays.

MEETING OF THE HUMANE SOCIETY WEDNESDAY EVENING

The Licking County Humane society was organized March 17, 1910, with a membership of sixty of Newark's representative citizens. It has not made much progress in its growth or its activity. This was due to lack of cooperation on the part of city and county officials.

After months of untiring energy the society has secured the verbal approval of Probate Judge Robbins Hunter, and he has induced the county commissioners to allow an appropriation to pay an officer for society work. A special meeting has been called for Wednesday evening, April 12, which will be held in the convention room of the court house at 7:30 p. m., called for the purpose of endeavoring to secure the approval of Mayor Ankele for the society's share of pay for a humane officer.

The society has requested \$22.50 each from the county and city, which would make the compensation \$55 per month. We urge every citizen interested in this work to be present at the meeting tomorrow evening as it will be one of great importance and the future of the society may depend upon it. At this meeting it will be decided whether we are to have a society for the prevention of cruelty to children and animals.

The National society has requested that a representative be sent to the meeting of the National Association at San Francisco, October 2-4. This will be the 25th annual convention. We would urge the sympathetic people of Licking county to attend our regular meetings, which are held in the convention room of the court house on the first Tuesday of each month. J. P. Harris, secretary.

CIRCUS IS COMING.

A. E. Diggs, representing the Forepaugh & Sells big circus, came to town today with advertising car No. 1 and distributed advertising matter through the country. The big show comes to Newark on Tuesday, May 1 from Columbus. The season will open April 24 at Vincennes, Ind.

SUNNY MONDAY

There is not an ounce of rosin in Sunny Monday Laundry Soap. Rosin is used in all other laundry soaps—because it is cheaper than the fats and oils used in Sunny Monday. Sunny Monday costs more to manufacture than any other laundry soap of which we know. It is kind to clothes—will not shrink flannels or woollens, or turn clothes yellow. Sunny Monday is just as pure as its whiteness indicates; it is the safest and most economical laundry soap you can use.

French Bread. Into one pint of water put four hop flowers, heat and boil for five minutes. Weigh one-half of a pound of potatoes and boil them without peeling; when done, peel and mash. Into a large bowl put one and one-half cupsful of flour, pour over it one cupful of boiling water, and stir and beat until smooth; add to the the mashed potatoes, and strained hop water and beat until well mixed. Add one heaping teaspoonful of salt, one teaspoonful of sugar and, when lukewarm, one-half of a yeast cake dissolved in two tablespoonfuls of warm water. Set this in a pan of warm water, cover and let stand until light. When very spongy add flour to make dough, take out on a floured board and knead for fifteen minutes. Then dip the hands in warm water, lift up the dough and throw it down on the board with considerable force; continue to do this for fifteen minutes, occasionally wetting the hands. If the preliminary kneading was well done it will not stick to the hands after the first minute or two. Return to the bowl and cover as before until again light. Then divide into three or four loaves, first kneading it up in a ball, then rolling it so as to give tapering ends; flour a rolling pin and gently press it lengthwise through the center so as to make a slight depression from end to end. Put its furrowed side down on a floured cloth and make up the other loaves in the same way. When all are done, cover with another floured cloth and let stand until light. Then place on flat pans right side up and bake.
Rhubarb Jelly. The rhubarb should be stewed, strained and sweetened; gelatin is then added in the proportion of one-third of a package to each pint of the prepared fruit.

CREDITORS' MEETING.

A meeting of the creditors of the Powers-Miller Company is being held this afternoon in the convention room of the court house, before Referee Frederic Black, for the purpose of filing claims and electing a trustee. The candidates for trustee are E. Cary Norris, who has been acting as receiver of the store, and Attorney W. D. Fulton.

Harry Baird of Pataskala was appointed trustee.

Cures Sore and Tired Feet.

Ordinary antiseptic vilane powder has many valuable uses, but probably few persons know what wonderful power it has over sore, tired, aching or calloused feet. It draws all the soreness out, checks excessive perspiration, prevents congestion and cold feet, while it removes corns, bunions and callouses. Many physicians know its worth, and the public can be saved much suffering by this knowledge being imparted.
If the reader wishes to try it, obtain of any drug or druggist two ounces of vilane powder. To a gallon of steaming water add a teaspoonful of the powder and a tablespoonful of salt, and keep the feet immersed from 10 to 20 minutes every night for several weeks.

SUITS AND HATS FOR THIS WEEK

LONG'S in the Arcade

HEALTH AND BEAUTY QUERIES

BY MRS. MA E MARTIN.

Madge: For your hollow cheeks and wrinkled face I recommend frequent applications of a good greaseless complexion cream jelly, also brisk massaging. By stirring together one ounce almond two teaspoonfuls glycerine and one-half pint old water, allowing to stand over night, you will have an extra good complexion cream jelly. Use this also for massaging. It will clear up your skin line, removing all dirt from the face and soon you will find out your complexion smooth, plump, fresh-looking and unwrinkled. This is an excellent cream for treating blackheads, freckles and roughness of the skin, and will rid your face of those very large pores. I have never found anything to equal almond cream jelly for improving a complexion.

S. R. O.: If your supercilious flesh, proves annoying and distressing, try the following fat reducing treatment: Give excellent results: Dissolve four ounces of paraffin in 1 1/2 pints hot water; when cool strain and take a tablespoonful in each of four daily meals. This remedy is harmless. By avoiding very rich foods and taking plenty of exercise, you will find this remedy will cut down your weight very rapidly.

Nadie: To strengthen your weak eyes and rid them of that dry, over-worked look put in each eye two or three drops of a fine, strengthening tonic made by dissolving an ounce of crystals in a pint of water. This eye tonic is very soothing and strengthening, and by using it regularly, in a short time it will make your eyes strong, clear and sparkling. I find it unequalled as a good eye tonic for treating weak, inflamed, expressionless eyes.

Lovera: (a) Don't worry. What if your hair is little thin, looks stringy and is hard to do up and make look nice. There is a remedy for all this. Shampoo your hair once in two weeks with a teaspoonful of camellia oil dissolved in a cup of hot water, then afterwards in clear water. The next morning wash with plain soap. This will rid your scalp of dirt and dandruff and make your hair soft and glossy. Your hair will dry quickly and be so fluffy and nice you will wonder at your hair troubles. But don't wash your hair with soap. The alkali in soap ruins the hair color, makes it straggly and dead looking and it makes the hair's excellent skin softer and complexion beautiful. See answer to Miss E. R.

Miss E. R.: A lotion that will help your tired hands, dark face and neck permanently can be made by dissolving four ounces of spiritum in one-half pint of water and adding two teaspoonfuls of glycerine. This lotion will whiten and beautify your skin and take away that coarse, muddy look you have. This is much better than face powder, as it does not show on the skin, and will not rub off easily, like the powder does when you wear a veil. Spiritum is inexpensive and will give you a soft, pinkish, youthful appearance. It is fine for old sores, tan, freckles and as a protection to the face against winds and changes of weather. I am sure you will like spiritum lotion very much.

Jessie H.: Some sage dressings are beneficial to the scalp, but I never recommend them on account of the danger of staining or discoloring the hair. If you want a good, dependable remedy for dandruff, itching scalp and falling hair, try an ounce of quinine dissolved in one-half pint each of alcohol and water. This will put your hair and scalp in a healthy condition. Apply the tonic twice a week, rubbing it gently into the hair roots. It will rid you of oil and makes a fine dressing for the hair. I know of many who were troubled with "hopeless" cases of dandruff and falling hair that found this an ideal tonic.

Merceres: You say your complexion is little less and you are constantly tired and droopy. This comes from too little exercise and an over-indulgence in heavy foods, causing a sluggish condition of the blood and a lack of proper nourishment. Here is a simple and inexpensive recipe for an excellent blood tonic and body builder. Buy at any drug store an ounce of quinine and put in a half pint alcohol and water. This will put your hair and scalp in a healthy condition. Apply the tonic twice a week, rubbing it gently into the hair roots. It will rid you of oil and makes a fine dressing for the hair. I know of many who were troubled with "hopeless" cases of dandruff and falling hair that found this an ideal tonic.

Much: You can restore the youthful look, gloss and brilliancy which blonde hair should have. If you get an ounce of kahlbalm at the drug store and steep in a pint of water. Before using, cleanse your hair with ammonia and dry, then wash with marshmallow tea, rinse in clear water and dry. This is simple, inexpensive and gives a true blonde color to hair which has lost its natural color. Its use will cause no possible injury to hair or scalp.

G. G. T.: Hair dyes are injurious. As they are sold in many forms, for restoring the color and softness to your hair. To prepare get an original package of Kambane and dissolve in a pint of water. To make a hair tonic, add one ounce of glycerine. Moisturize the comb with this as you comb your hair at night and it will gradually produce the desired results. After each use, put once a week. Kambane is harmless, is not messy or greasy and will not soil bed linen or stain the scalp. You may have to pay a dollar a package for Kambane, but it is worth it.

Major: Cutting the hairs on your lip and cheeks often causes them to grow in thicker and darker. Powdered delatone is the best thing to use. Get an ounce of delatone at the drug store and mix with some water mix enough powder to make a thick paste. Spread on hairy surface and let remain two or three minutes, then rub off and wash the surface and you will find the hairs are gone. While delatone is a little expensive, it is reliable and seldom requires a second application.

How to Gain Flesh.

A simple but sure way to increase the weight, it is asserted by several well known physicians, is to take regularly for several months one or two 3 grain hypophosphite tablets after each meal. These little tablets have the distinguished merit of increasing the red and white blood corpuscles, aiding digestion and promoting assimilation and absorption of the elements in the food which go to make blood and solid tissues. They are obtainable in sealed packages from physicians and well stocked apothecary shops.

FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit obtained in Dr. Caldwell's Syrup Pepsin is: that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not take Dr. Caldwell's Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several

times a week until the system has settled to its future condition. Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Zorn of New Decatur, Ala. and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor. Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 501 Caldwell building, Monticello, Ill.

All of the thirty-six veniremen except Mr. Wolf answered to their names, and Judge Wickham answered Mr. Smythe's suggestion that two more names would have to be drawn from the box to fill the venire of thirty-six, by saying that this was not necessary unless the defense demanded it. Mr. Fitzgibbon said he made no such demand and the thirty-five men were sworn by Clerk Belmont.

The same rule as to the exercise of peremptory challenges was laid down as in the previous cases; twelve men will be first passed for cause, the state will then exercise four, and so on until the state has exercised four and the defense sixteen.

Silas Weaver, retired farmer, was the first venireman questioned by Mr. Smythe; had no scruples against capital punishment, had given the case no thought, was passed by the state for cause. The defense asked no questions and he was accepted.

Charles Ebersole did not believe in capital punishment; challenge by state for cause sustained, and he was excused.

J. A. Didenour, farmer, had formed no opinion, had no scruples against capital punishment and the state passed for cause. Examined by Judge Wright, salesman said he knew no reason why he could not be an impartial juror; no prejudice against man in saloon business.

Tim Bartlett, farmer, examined by Mr. Smythe; no opinion, no scruples passed by state for cause, no questions by defense.

W. H. Berger, Martinsburg, farmer; had an opinion but never expressed it, would not interfere with his giving impartial verdict. Questioned by Judge Wright, salesman said his opinion was formed from reading newspapers and was a general one that some one was guilty, but had nothing to do with defendant in particular. Accepted.

James Burson, farmer, examined by Mr. Miller, had formed an opinion as to Lewis Bolton and was excused.

Leander McCammet, undertaker, Bladensburg, examined by Mr. Miller, said he had a "right smart bias" and was excused.

William Bartlett, farmer, examined by Mr. Miller, opposed to capital punishment; excused.

Roy Bartlett, horseman, Mt. Vernon; opposed to capital punishment; excused.

William Kemmer, farmer; opposed to capital punishment; excused.

The juryman accepted up to noon are passed for cause only and are subject, of course, to peremptory challenge.

Before adjournment for the noon recess Judge Wickham instructed the nine men who had been passed that they should be kept together in one body and also cautioned them not to talk to one another of the case. They were then placed in charge of Bailiff Purcell and taken to the Curtis House for dinner, a special table being provided for them. When court convened at 1 o'clock 22 out of the 35 veniremen had been examined.

At 1:45 o'clock the venire was exhausted and on the request of Prosecutor Smythe Judge Wickham issued a special venire of 40 or 50 names returnable Wednesday morning at 9 o'clock.

The witnesses for the state were excused until Thursday morning while the defendant's witnesses were excused until Monday morning at 9 o'clock. There will be no court Saturday.

Every prospective juror was challenged by the state on the ground of being opposed to capital punishment. Two more jurors were accepted this afternoon, L. A. Stream, a real estate man of Mt. Vernon, and Samuel Bedell, a farmer.

Daddy's Bedtime Story—

The Little Lost Kitten

"The Two Went Quietly Through the Gate"

"In this story," began daddy, "there are a little kitten and a big cat, besides a big dog and some people. The story tells how the kitten was lost and tried to call on the big dog for help and how the kitten took home the big cat with her to be adopted."

"The kitten's name was Kitty. She was a wee, tiny, fluffy little thing and belonged to a little girl who was very fond of her. Kitty was a good little cat and always minded her 'little mother,' especially when she was called to get her milk. But she had a bad habit of running away out of the front door whenever it was left open. She always came back soon, however, save one day when she was bolder than usual and wandered around the corner of the street. Then she was really, truly lost and couldn't find her way home."

"She wandered about most of the morning, having narrow escapes from being run over by wagons and automobiles. About noon she became very hungry and wanted to go home. Then she found out that she was lost, and she sat down on a friendly looking doorstep to think over the matter."

"Near by a big dog was lying, sunning himself. He looked friendly. 'I wonder if he can tell me the way to my home,' said Kitty to herself, but when she said timidly to the big dog, 'Please, sir, can you tell me the way to Sherman street' (that was where Kitty lived), the dog only looked at her and said, 'Bow, wow.'"

"That made Kitty angry. She said: 'I don't think you're a very wise dog in spite of your size. If you were you could tell a poor little lost kitten the way to her home.' But the dog only repeated 'Bow, wow,' so Kitty sniffed and got up and went away."

"Well, Kitty wandered about for two or three hours more, and if she had not been able to steal a saucer of milk that had been left for a cat in a basement window I really do not know what she would have done. But about the middle of the afternoon she met a big gray cat which could speak her language and which knew the way to Sherman street. What was more, he was friendly enough to accompany Kitty home. When the two walked quietly through the gate and up to the door of Kitty's home there was great excitement."

"The little girl had missed her Kitty and had cried all day for her. Her mother had offered a reward to the boys of the neighborhood, but none of them had seen so much as one of Kitty's hairs. When Kitty returned with the big cat the little girl was so overjoyed that she asked her mother to adopt Kitty's new friend."

The subscriptions received were \$15,000 in excess of the necessary amount, a total of \$65,000, now having been pledged. It is believed that the final total amount will reach \$20,000.

Barn Roof Burns. An alarm of the sent in at 11:15 o'clock Tuesday morning called the central fire department to the premises of Mr. Thomas Sites, on East Locust street, where the roof of his barn had caught from the sparks of a fire made by the burning of some rubbish. The firemen responded in great shape and were soon at the scene of the fire, which they did not succeed in extinguishing until the greater part of the roof had been burned off. The loss is said to be in the neighborhood of \$200, covered by insurance.

Easter Lilies Scarce. An Advocate reporter in conversation with several of Newark's florists regarding the prospect for Easter lilies, was informed that they would be somewhat scarce this year, more so than usual, and the cause given is the cloudy weather. The florists claim that flowers of all sorts will be scarce for Easter, and the demand gets larger each year. At Easter, people prefer lilies, but this year they have been kept back several days. It is predicted that in a week or ten days after Easter, that lilies will sell quite cheap as they will be out by that time.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable, hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandmothers used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

COUNTRY CLUB OPENING WILL OCCUR JUNE 1

Stockholders Organize, Elect Officers
and Adopt Constitution and
By-Laws.

The regular meeting of the Licking
Country club was held Monday night
in the office of Major Ankele, with a
large attendance of the members.

The stockholders of the club organ-
ized by electing Hon. Edward Kibler
president and Joseph N. Pugh sec-
retary.

A constitution and by-laws, rules and
regulations were read and approved.

The reports of the treasurer and the
building committee were read and ap-
proved.

The membership of the club has
reached 110 and is rapidly increasing.
The handsome club house is being
completed at a cost of between eight
and nine thousand dollars.

It was decided to have the formal
opening of the club house which is to
be made a social function of large pro-
portions, about the first of June.

Three members of the Board of
Governors were elected for 3 years,
being Captain W. C. Miller, E. Cary
Norris and Daniel Aitshool.

The next annual meeting of the club
will be held on the first Monday even-
ing in November.

EDUCATOR IS DROWNED.

Washington, April 11.—Francis
Goldbach, a professor in Latin, Greek
and English at Georgetown Univer-
sity, was drowned in the Panama
here today while canoeing. His body
has not been recovered.

There are nearly 500 miles of
electric wires in one New York office
building.

AMUSEMENTS

Dedicating the Roosevelt Dam.
Some time ago the United States
Reclamation Service gave Lyman H.
Howe exclusive facilities for record-
ing in animated scenes each step in
the construction and dedication of
the Roosevelt Dam, near Phoenix,
Ariz. Mr. Howe will reproduce these
timely and vitally interesting scenes
at the Auditorium theatre, Sunday,
April 23, as an added feature. They
include a remarkable character study
of Col. Roosevelt making the ded-
ication speech and pressing the but-
ton which opened the flood-gates
that will transform an arid desert of
the area of Delaware into a land of
great fertility. It is eminently fit-
ting to see Col. Roosevelt as the
principal orator of the occasion, since
it was largely through his efforts
that the dam was constructed. Mr.
Howe's views reveal him as the cen-
tral figure. The position of the cam-
era was such that every movement
of his lips is faithfully produced. Pat-
rons of Lyman H. Howe's Travel
Festival are assured of seeing the
most important masonry structure
ever built in America.

Graustark.

Auditorium theatre Wednesday,
April 26, will present the pronounced
success, "Graustark."

This tale of "A Love Behind a
Throne," dramatized by George D.
Baker from the novel of George
Barr McCutcheon, as it appears in
play form, is a delightfully fascinat-
ing and makes Graustark a charming
country, with equally interesting peo-
ple. Ruled by a princess of unusual
personality, queenly, yet a woman;
naive, indifferent to Lorry, yet warm,
then cold as a grows too enthusias-
tic in fact, everything that puzzles
him and not half so much as that

such a person should be labeled
"Guggenlocker." He, therefore,
finds a friend eager for adventure, and
they set out to find her. Just how
successful he is and how happy his
friend becomes in also finding a mate
in this castle of romance, is nicely
unfolded by Mr. Baker.

The Orpheum.

"The Varsity Girls" packed the
Orpheum theatre Monday at the mat-
inee and two night performances.
Manager Bassett was indeed fortune-
ate in securing the attraction for
this week, and his only worry now is
how he will take care of his patrons.

"The Varsity Girls" is a musical
melange with a mixture of comedy
that is above the ordinary. The big
hit is Sally, who depicts a tough
Bowery girl, and she is thorough in
the part. Her travesty work with
Kid Felix, a would-be prize fighter,
is very clever.

J. T. Crowley, as Prof. Jeremiah
Smythe, is the principal comedian.

and he is a fun maker that keeps
the audience in good humor through-
out the play. His monologue work
is also of a high order. The chorus
is very good and the musical numbers
are vibrant and full of action.

"The Varsity Girls" can be seen
at the Orpheum tonight and Wednes-
day, when they give way to Chris-
tine Hill & Co., in an Italian play-
let, and Lillian Doane & Co. in a
mind-reading act. Orpheumscope
pictures this week are excellent.

tablished wireless telegraphy on 11

tion.

Metropolitan Life Insurance Co.

OF NEW YORK

JOHN R. HEGEMAN, President

INSURANCE SUPERINTENDENT'S REPORT

The New York Insurance Department has had the Company under examination, pursuant to law, for about fifteen months. After this examination the Superintendent of Insurance said:

THOROUGHNESS.—"It is thought that no Company of this character under the supervision of any Insurance Department in the United States has ever been so thoroughly examined by such a Department."

PAYMENT OF CLAIMS.—"The claims received averaged from 600 to 800 each working day; the percentage of rejections is small, being in 1909 less than one-half of one per cent."

CAREFUL INVESTMENTS.—"On an investment of \$100,000,000 in real estate mortgages this Company now holds through foreclosure but one piece of realty."

INDUSTRIAL POLICIES AT COST.—"On this basis this Company, from all of its departments, added to its surplus in 1909, after setting aside in that year as a liability its dividends and bonuses for 1910, about \$600,000; in other words, the volume of its business being considered, seems to have furnished insurance substantially at cost."

PROGRESSIVE MANAGEMENT.—"The Department Report shows during the last five years:

Reduction in the ratio of expense to premium income... 7.13%
Reduction in the ratio of lapse to issue... 10.36%
Reduction of cancellations in first year of insurance... 8.92%

ORDINARY DEPARTMENT

In 1910 the Company wrote a larger amount of Ordinary business in the United States and Canada than any other company, by TWENTY MILLIONS!

In 1910 the Company placed Ordinary Insurance up to the Limit of the Law and was obliged to hold back hundreds of thousands of dollars of insurance by reason of the New York statute limiting amount in any one year.

MORAL: Get in early this year and avoid the rush at the end. Best plans; cheapest rates; all policies non-participating—that is, the money is not collected on promise of repayment in dividends, but is left in the pockets of the insured by reduction of premium.

INDUSTRIAL DEPARTMENT

OLD POLICIES.—A bonus has been declared to Industrial policy-holders amounting to nearly

SIX MILLIONS OF DOLLARS

payable in 1911 on Whole Life and Increasing Life and Endowment policies issued prior to 1907, which bonuses give reduction of premiums varying, according to period of persistence, from

EIGHT TO ONE HUNDRED PER CENT.

The Company added not one dollar to surplus at the end of 1910 out of income from Industrial policies.

NEW POLICIES.—The benefits on policies issued since January 1, 1907, are over

TWENTY PER CENT. GREATER

than the benefits promised by policies issued previously.

In the last eighteen years it has declared

TWENTY-FIVE MILLIONS OF DOLLARS

in voluntary bonuses over and above all requirements of policies.

WELFARE WORK FOR POLICY-HOLDERS

Extracts from the Report of the Superintendent of Insurance of the State of New York.

"No summary of this examination of the Metropolitan Life Insurance Company would be complete which omitted reference to certain agencies for social service which it has inaugurated and is now conducting."

"CAMPAIGN AGAINST TUBERCULOSIS.—Among the activities of this Company begun since the Armstrong investigation is its participation in the nation-wide crusade against tuberculosis. As to policy-holders, its work has thus far been confined to the dissemination of the literature of prevention and instruction; a work which its great Agency force and close contact with the industrial classes makes easy, as well as effective. As a matter of mere business economics, the Company's activities in this direction entitle it to the approval of the Department."

"NURSING SYSTEM.—About two years ago this Company inaugurated a system whereby trained nurses would, upon request, be sent to the homes of sick or bedridden policy-holders in its Industrial Department. While this service has been but recently established, and while, therefore, the examiners are in some doubt as to its ultimate effectiveness either from the standpoint of saving the lives of policy-holders or minimizing unhealthy conditions, no one can make a personal investigation into what has already been done without being profoundly impressed with, not only the economic, but, more, the beneficent value of the work. Numerous cases where lives have been saved are already on record. Many instances showing improvement in home conditions due to the visits of the nurses are known."

TOM L. JOHNSON

(Continued from Page 1.)

was that of becoming the father of three-cent railway fares in America. This idea had been imparted to him by Henry George, whose influence over Johnson's entire life dated from the time when on a railway train Johnson bought a copy of George's "social problems." Later the two became fast friends and worked together at carrying out of various reforms. On George's advice Johnson entered politics, running first for congress, but being defeated in his first race, when he campaigned on the free trade issue. Later he was elected, serving two terms, from 1890 to 1894. Here one of his most noteworthy achievements was the rise by which he forced the printing of the entire text of Henry George's "Protection of Free Trade" into the Congressional Record and its free distribution to the entire country. Johnson was defeated in the Republican landslide of 1894, but in 1901 was elected mayor of Cleveland and began his real life's work of establishing the three-cent street car fare. For years he kept up the fight and as a result Cleveland today still has a three-cent street car fare, although not under exactly the conditions he had hoped for. His various terms as mayor were marked by a continual fight against special privilege, with the result that he quickly won the title of "mayor of the best governed city in the United States." In 1903 he ran for governor and was defeated, but was promptly re-elected mayor again in 1905, meeting final defeat in 1910.

Although he had been in poor health since then, he had hope to the last to recuperate sufficiently to enter again the next mayoralty campaign. During the last few months of his life, most of his time was spent in writing his autobiography. Johnson was married in early life to Margaret J. Johnson, daughter of the Confederate Colonel Robert Johnson, at Louisville. Mrs. Johnson and two children, Mrs. Bessie Johnson Mariani and Lottin Edward Johnson, survive him.

Washington, April 11.—The following statements on the death of Johnson were written today for the United Press:

"He was one of the noblest spirits with whom I have been privileged to associate during my connection with politics and I regard his death as a great loss to the cause of real Democracy. His life will continue to be an inspiration for generations to come."

By Senator Pomerehne. "Mr. Johnson was one of the greatest men Ohio ever produced. I do not believe that I am putting it too strongly, when I say that he gave up life and fortune for the benefit of the public as truly as any man who lost his life in battle."

By Senator Burton. "I am very much grieved to hear of Mr. Johnson's death. We were almost always opposed on political issues but our personal relations were friendly. And all must recognize in him a very strong forcible character, who was untiring in advocating what he thought was right."

SHERLOCK HOLMES STORY. GRAFT

Unearthed at Nation's Capital by the New Democratic Congress Causes Surprise.

(By United Press.) Washington, April 11.—Washington gazed today when the special report of Representative Palmer of Pennsylvania, that led to purging of the house payroll and the saving of \$182,000 in salaries was made public, revealing record-breaking sinecures.

A 12-year-old girl, daughter of the chief doorkeeper, was found to be drawing \$1200 a year under the title of "clerk to the doorkeeper."

Thirty-eight extra policemen, authorized when, during the Spanish-American war, some one said that there was a plot to dynamite the capitol, were still on the payroll, costing annually \$25,000. Two telegraph operators drawing \$1400 each, assigned to a wire long ago discontinued, were still on the rolls.

Six thousand dollars was saved by abolishing the salaries of employees of the clerks' document room. The room was abolished 16 years ago.

Almost an equal sum was saved by stopping the pay of employees' attendants in the library. The library having been removed many years ago from the capitol.

Saved His Mother's Life. "Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, Ia., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at F. D. Hall's, the druggist.

American exports to Argentina consist chiefly of lumber, rosin, turpentine, petroleum, lubricating oils, agricultural machinery, wind mills, sewing machines, typewriters, leaf tobacco, binder twine, office furniture and steel products.
